PROFESSIONAL SUMMARY

Results-driven QA professional with 8+ years of experience in quality assurance, test automation, and team leadership. Proven expertise in developing comprehensive test strategies, implementing UI automation frameworks using Playwright and TypeScript, and mentoring QA teams to deliver high-quality software. Skilled in both manual and automated testing across web and mobile platforms, with a strong focus on collaboration, process improvement, and reducing post-release defects.

CORE COMPETENCIES

UI Test Automation (Web/Mobile) • Manual Testing • Test Planning • Team Leadership & Mentoring • Test Case Design • API Testing • Agile/Scrum Methodologies

TECHNICAL SKILLS

Automation Tools: Playwright, Selenium, WebDriverIO, Appium, GitHub Actions, n8n

Programming Languages: JavaScript, TypeScript, Java

Testing Tools: JIRA, TestLink, AIO Test, Postman, k6, Fiddler, BrowserStack, Azure DevOps, MS SQL

Development Tools: GitLab, Android Studio, Firebase, TestFlight, Figma, Zeplin, VS Code

Methodologies: Agile, Scrum

AI Tools: ChatGPT, GitHub Copilot, Claude

PROFESSIONAL EXPERIENCE

Associate QA Lead

Calcey | Colombo, Sri Lanka | July 2023 – Present

- Developed and implemented comprehensive test plans aligned with project requirements.
- Created and executed test automation scripts for web projects using **Playwright and TypeScript**.
- Designed and implemented an **AI-powered test case generation workflow using n8n**, integrating Jira and Azure DevOps to automatically retrieve user stories and generate structured test cases using Google Gemini.
- Mentor junior QA engineers.
- Facilitated communication between QA team members and stakeholders.
- Conducted test case review and UI-UX review meetings to ensure quality standards across all deliverables.
- Managed client communications for production issues and delivered sprint release notes, ensuring transparency and customer satisfaction.
- Supported recruitment activities for junior QA positions, contributing to team growth.

- Leveraged AI tools (ChatGPT, GitHub Copilot, and Claude) to accelerate test automation development, generate test cases, optimize Playwright scripts, troubleshoot failures.

Senior QA Engineer

Calcey | Colombo, Sri Lanka | April 2021 – July 2023

- Executed comprehensive manual testing activities for sprint releases including test planning, test case writing, bug reporting, and verification. (Both web-based projects and mobile apps)
- Collaborated with the development team to ensure product quality and participated in requirement discussion meetings with clients.
- Scheduled and presented knowledge transfer sessions and product demos to stakeholders.
- Analyzed requirements and provided test estimations to support project planning.

Senior Quality Engineer

JRC Software (Pvt) Ltd | Colombo, Sri Lanka | January 2020 – March 2021

- Performed manual and automated testing for **web and mobile applications** ensuring quality delivery.
- Contributed to test automation initiatives and quality improvement processes.

Quality Engineer

JRC Software (Pvt) Ltd | Colombo, Sri Lanka | January 2019 – December 2019

- Executed functional and regression testing for software applications.
- Designed test cases and documented test results in JIRA.

Junior QA Engineer

Empite Solutions (Pvt) Ltd | Colombo, Sri Lanka | August 2017 – January 2019

- Performed manual testing and assisted in quality assurance activities for multiple projects.
- Learned foundational QA practices and testing methodologies.

EDUCATION

Bachelor of Science (Special Honours) in Information Technology

Sri Lanka Institute of Information Technology | 2014 – 2018

CERTIFICATIONS

- ISTQB Certified Tester Foundation Level (CTFL) – International Software Testing Qualifications Board
- Certificate of Software Test Automation – Training Partner (Pvt) Ltd
- Scrum Foundation Professional Certificate – CertiProf
- Software Testing Foundation Certificate – LinkedIn Learning
- Selenium Essential Training – LinkedIn Learning
- Agile Project Management with JIRA – LinkedIn Learning
